## ***ELECT/ CTC TEEN PARENT CLASSROOMS***

(Education Leading to Employment and Career Training)

&

(Cradle to Classroom)

The **ELECT/CTC Teen Parent Classrooms** are designed to assist pregnant and parenting students in the completion of their high school education so that they can make successful school-to-career transitions. This includes either entry-level employment and/or post-high school education. The ELECT/CTC staff increases the student's access to needed academic and social services through individualized case management and group sessions. ELECT/CTC includes an alternative flexible education program that is designed to help the participants earn credits and accelerate progress towards education. ELECT/CTC Advocates assist in the classrooms and work with the students and their children within their homes.
