

## ***ELECT TEEN PARENT CLASSROOMS***

(Education Leading to Employment and Career Training)

The **ELECT Teen Parent Classrooms** are designed to assist pregnant and parenting students in the completion of their high school education so that they can make successful school-to-career transitions. This includes either entry-level employment and/or post-high school education. The ELECT staff increases the student's access to needed academic and social services through individualized case management and group sessions. ELECT includes an alternative flexible education program that is designed to help the participants earn credits and accelerate progress towards education.
